LB 546, 236, 33

CLERK: Your bill to introduce.

SENATOR WARNER: Mr. President, I move that the bill be introduced. This is a bill covering the reappropriations, the reaffirmations on capital construction. These are the projects that have been previously approved by past sessions. This is not the new capital construction bill which will probably be in in a day or two. But this takes care of just those items which had previously been approved by the Legislature in previous years and this way we can get it printed and get it started. There may be some amendments that affect some of the items in the major capital construction bill but this will allow the process to get started on these. I move that the bill be introduced.

PRESIDENT: Any discussion? The question is the granting of this request. Record your vote. Have you all voted? Record. Excuse me. I am sorry. There was a malfunction by the Chair. The Chair malfunctioned. Record.
